## A-Z EXHIBITORS LIST

**ADEY Professional Heating Solutions**  
**STAND 04**

The industry leading name in magnetic filtration, delivering best practice maintenance and protection for domestic and commercial central heating systems.  
[www.adey.com](http://www.adey.com)

**Altecnic Ltd**  
**STAND 14**

Successfully operating in Northern Ireland and the Republic of Ireland for over 25 years, Altecnic delivers well-manufactured, high quality products for the plumbing and heating industry.  
[www.altecnic.co.uk](http://www.altecnic.co.uk)

**Baxi Potterton Myson**  
**Stand 37**

Baxi Potterton Myson has nearly 40 years' experience in providing complete heating and hot water solutions to the Irish market. On display will be a full range of domestic and commercial heating and hot water products for all projects. From Baxi, this will include the new Baxi EcoBlue Advance Heat boiler that boasts a compact design, is only 20kg and comes with a seven-year warranty. Myson will be showcasing its market-leading range of underfloor heating, radiators and heating controls, while giving visitors a first look at the new Touch 2 wifi thermostat. Finally, Potterton will be showcasing the company's range of quality domestic and commercial boilers.  
[www.baxipottertonmyson.ie](http://www.baxipottertonmyson.ie)

**Boiler-M8**  
**STAND 3**

Plumbers and tradesmen have the perfect opportunity to learn more about the Boiler-M8 magnetic boiler filters that offer the ultimate defence for heating systems. Boiler-M8 just launched Ireland's first Swappage scheme, inviting trade installers to bring in their brand new filter to be swapped for two brand new Boiler-M8 Defender filters, completely free of charge.  
[www.boiler-m8.co.uk](http://www.boiler-m8.co.uk)

**C&F Quadrant**  
**STAND 24-26**

A major distributor and merchant of domestic and commercial heating products for the residential, commercial and industrial sectors across all of Ireland. The C&F Quadrant stand will also include Vaillant and Glow-worm products.  
[www.cfquadrant.ie](http://www.cfquadrant.ie)

**Calor Gas**  
**STAND 28**

Visit the Calor stand and speak to our team about the attractive range of incentives available to installers who work with Calor on identifying new domestic business opportunities.  
[www.calorgas.ie](http://www.calorgas.ie)

**CCTS**  
**STAND 36**

Sign up for the Irish Domestic Gas Assessment, under the Blue Flame Certification Ltd, which is now available from CCTS. You can also find out more about the gas, oil and renewables courses available from this leading provider based in Belfast - just 90 minutes drive from Dublin.  
[www.cctrainingservices.com](http://www.cctrainingservices.com)

**Chronotherm Controls Ltd**  
**Chronotherm**  
**STAND 61**

This is your chance to find out all about the innovative CTC Klik heating controls wiring system now available from Chronotherm. The company will also be displaying heating control products featuring Flash, CTC, Danfoss, Pegler and Sangamo. These products will be of interest to heating and plumbing merchants; builders' providers; heating and plumbing contractors; electrical contractors; mechanical and electrical consultants; architects; and County Council electrical and plumbing engineers.  
[www.chronotherm.ie](http://www.chronotherm.ie)

**Contech Building Products**  
**STAND 51**

Specialists in supplying high quality adhesives and sealants for industry professionals, including the innovative Plumb7.  
[www.tec7.ie](http://www.tec7.ie)

**Danfoss**  
**STAND 7**

The latest addition to the Danfoss range of domestic heating controls will be making its debut at PlumbEx. The TPOne Programmable Room Thermostat, designed by Danfoss to make intelligent heating control even easier, combines all the energy-saving benefits of the existing TP models in one all-new range. Visitors can also see the recently launched RTW bi-directional thermostatic radiator valves (TRV) with built-in sensor.  
[www.heating.danfoss.co.uk](http://www.heating.danfoss.co.uk)

**Ei Electronics**  
**STAND 59**

An acknowledged market leader in residential fire safety products and one of Ireland's largest indigenous electronic companies.  
[www.eielectronics.com](http://www.eielectronics.com)

**Electric Heating Co Ltd**  
**STAND 44**

Leaders in the electric heating and hot water industry, offering a wide range of wet and dry heating systems along with instantaneous and stored water heaters.  
[www.electric-heatingcompany.co.uk](http://www.electric-heatingcompany.co.uk)

**EPH Controls**  
**STAND 32**

Learn more about the new EPH App - Ember - as well as the company's range of motorised valves, RF controls, thermostats and programmers. This product range will be of interest to plumbers, electricians and builders as well as councils, housing associations and architects.  
[www.ephcontrols.com](http://www.ephcontrols.com)

**EPS Group**  
**STAND 43**

With over 46 years' experience, EPS Group is one of Ireland's leading pumping, water and filtration specialists. This stand will host a selection of the company's extensive range of products including the newly launched Multiboost range; a packaged solution for boosting water pressure as well as circulating pumps, booster sets, heating vessels, water filtration units, UV disinfection units and compression fittings.  
[www.epswater.ie](http://www.epswater.ie)

# A-Z EXHIBITORS LIST

**Firebird**  
**Stand 49**

Firebird's innovative Enviromax Blue Supreme is the first boiler of its kind to embrace blue flame burner technology, resulting in 97.4% efficiency and greatly reduced CO2 emissions, combined with levels of NOx which already surpass EU 2022 obligations.

W: [www.firebird.ie](http://www.firebird.ie)

## flair

**Flair Showers**  
**Stand 62**

With its head office based in Ireland, Flair is one of Europe's leading glass shower enclosure and bath screen manufacturing companies. Flair Showers will be launching the Flair Frameless range of shower doors at PlumbEx. This uniquely designed 6mm shower door offering is ideal for either wetroom floor or shower tray applications. Each door style is reversible for both left or right hand installation and comes with Easyclean glass as standard. Flair frameless is also an easy access shower door solution with no bottom frame to hinder access.

[www.flairshowers.com](http://www.flairshowers.com)

**Flowair**  
**Stand 22**

Find out about the latest trends in LPHW unit heaters, plus retail and commercial air curtains. The range of products from Flowair will be of interest to residential and commercial plumbers along with mechanical contractors, architects and M&E consultants/specifiers.

[www.flowair.com](http://www.flowair.com)

**Grant Engineering**  
**Stand 50**

The innovative and forward-thinking team at Grant will be showcasing their award-winning range of condensing oil boilers, condensing wood pellet boilers, back boilers and solar panels. Visitors can also look forward to the unveiling of the new Vortex Blue Max, a highly efficient condensing oil boiler combined with the Riello blueflame compact burner. With its cutting edge technology and installer/user friendly features, the Vortex Blue Max delivers one of the most environmentally friendly, advanced, and cheapest home heating solutions available.

[www.grantengineering.ie](http://www.grantengineering.ie)

**Harlequin MFG**  
**Stand 29**

A leading manufacturer, Harlequin provides quality storage tanks for oil, fuel, water, waste oil, AdBlue, coal and salt/grit. Harlequin also manufactures systems for wastewater treatment, rainwater harvesting and hot water.

[www.harlequinplastics.co.uk](http://www.harlequinplastics.co.uk)

HEAT PUMPS IRELAND

**Heat Pumps Ireland**  
**Stand 56**

Find out more from the experts in air-to-water and geothermal heat pumps and underfloor heating, and sign up for future training courses at the purpose-built Danfoss Training Academy.

[www.heatpumpsireland.com](http://www.heatpumpsireland.com)

**Herbst Software**  
**Stand 38**

Merchants, suppliers and engineers can take advantage of Herbst Software - an all-encompassing business management solution (also known as ERP) that can handle all of a business's operations including accounts, stock control, credit control, CRM, purchasing, sales, handhelds and more. All these are fully integrated into this off-the-shelf package.

[www.herbstsoftware.com](http://www.herbstsoftware.com)

**Hevac**  
**Stand 20**

Both residential and commercial plumbers, along with mechanical contractors, architects and M&E consultants/specifiers, will all benefit from a visit to the Hevac stand where they will learn more about the latest range of Sime gas boilers, Mira Showers, Stuart Turner Pumps, and pipe fittings.

[www.hevac.ie](http://www.hevac.ie)

**Horstmann**  
**Stand 4**

A leading designer and manufacturer of controls for domestic and heating systems and advanced metering equipment.

[www.horstmann.co.uk](http://www.horstmann.co.uk)

**Ideal Boilers**  
**Stand 39**

The marketing-leading gas boilers from Ideal Boilers will include the Made for Ireland Logic boiler and the 10-year warranty Vogue boiler. Ideal will also be displaying the Evomax commercial boiler range and will have specialists on hand to discuss your requirements with plumbers, RGII and APCHE contractors, specifiers and contractors.

[www.idealboilers.com](http://www.idealboilers.com)

**JB Plumbing & Heating Ltd**  
**Stand 57**

Find out about Effidur ultra-flat underfloor heating systems. Consisting of preformed steel sheets connected to form honeycomb shaped panels fitted via a click system, Effidur is ideal for low building heights.

E: [borzycki@gmail.com](mailto:borzycki@gmail.com)

The Push-fit Solution for Underfloor Heating

**John Guest Speedfit**  
**Stand 5**

The easy-to-use, plastic push-fit system suitable for the plumbing of hot and cold water services and heating applications will be on display along with the underfloor heating controls range, JG Aura.

[www.johnguest.com](http://www.johnguest.com)

**Joule**  
**Stands 54 & 55**

A leading manufacturer and training provider of solar and hot water packages, including copper and stainless steel hot water cylinders.

[www.jouleuk.co.uk](http://www.jouleuk.co.uk)

**Kane International**  
**Stand 30**

A company with a long history of designing and manufacturing portable test equipment for customers including commercial and domestic heating engineers.

[www.kane.co.uk](http://www.kane.co.uk)

## A-Z EXHIBITORS LIST

**Knipex**  
**STAND 40**

One of the world's leading brand of pliers, all Knipex products are designed and manufactured from the best quality materials, by skilled craftsmen, to ensure they are capable of meeting the demands of the professional. Manufactured in Germany, used by experts all over the world; come and see for yourself why Knipex is the choice of the professionals.

[www.knipex.com](http://www.knipex.com)

**LB Cylinders**  
**STAND 15**

A range of hand-crafted, high quality hot water cylinders, buffer vessels and thermal stores, all backed by excellent technical, sales and after-sales support.

[www.lbcylinders.ie](http://www.lbcylinders.ie)

**LVP Renewables**  
**STAND 60**

LVP Renewables will showcase its range of thermodynamic solar systems. This revolutionary system will guarantee a family of six people 100% of their hot water every day of the year. With almost 2,000 installations nationwide, LVP can offer the expertise and installation support in any projects you might have.

[www.lvprenewables.ie](http://www.lvprenewables.ie)

**METAC Training**  
**STAND 10**

METAC Training is the largest energy training and assessment centre in Ireland and the UK. Metac Ltd has been providing specialist training in renewable energy, electrical, solid fuel, gas and oil as well as sustainable systems such as rainwater harvesting.

[www.metac.ie](http://www.metac.ie)

**Mitsubishi Electric**  
**STAND 6**

A global, market-leading solutions provider producing an advanced range of heating, air conditioning and ventilation equipment. The company's Ecodan heat pumps are all A++

rated and are the perfect answer to Part L compliance.

[www.mitsubishielectric.ie](http://www.mitsubishielectric.ie)

**Mira Showers**  
**STAND 8**

The first choice in innovation, design, quality and value, the Mira range includes mixer, electric, and power showers as well as shower enclosures, wall panels, pumps, and taps.

[www.mirashowers.co.uk](http://www.mirashowers.co.uk)

**Pat Lee**  
**REGISTRATION AREA**

Pat Lee manufactures a range of robust logburners for customers who wish to use solid fuel for their heating systems and is now launching the 40kW Baby Quatro that offers high efficiency with low flue emissions. Pat Lee also manufactures both standard and bespoke mild steel buffer vessels and stainless steel hot water cylinders and offers bespoke plant room control and automation.

[www.patlee.ie](http://www.patlee.ie)

**Pegler Yorkshire**

**Pegler Yorkshire**  
**STANDS 17 & 18**

Manufacturer of a range of valves, taps, mixers, showers, fittings and heating products including the Performa, Terrier, Xpress, Yorkshire, Tectite and Prestex brands.

[www.pegleryorkshire.co.uk](http://www.pegleryorkshire.co.uk)

**Plumbing Distributors Ireland**  
**STAND 9**

Plumbing Distributors Ireland will be launching the new 2016 brochure with exciting brands such as Ideal Boilers, Stuart Turner Pumps, Mira Showers and many more. Pop by the stand to talk to the team about the company's huge variety of market-leading brands that are distributed throughout Ireland.

[www.plumbingproducts.ie](http://www.plumbingproducts.ie)

**Polytherm**  
**STAND 23**

Advanced solutions across a number of areas will be on display at the Polytherm stand, including underfloor heating systems

and UFH controls; Calpex; pre-insulated pipe; and aluminium barrier pipe. This quality range will attract plumbers working in the residential and commercial sectors; mechanical contractors; M&E consultants and M&E specifiers along with architects.

[www.polytherm.ie](http://www.polytherm.ie)

**Property Claims Loss Assessors (PLCA)**

**STAND 42**

Property Claims Loss Assessors Ltd acts on behalf of the general public when they are making a property damage insurance claim. As plumbers are generally the first call to repair a water leak, the company wants to establish partnerships with plumbers who will refer their clients to PCLA to help them with their claim for water damage and ensure their clients get their full entitlement.

[www.pcla.ie](http://www.pcla.ie)

Plumbing Trade Supplies

**PTS**  
**STAND 33**

Speak directly to the team from this leading plumbing, heating and bathrooms merchant and the array of market-leading manufacturers it represents.

[www.ptsplumbing.co.uk](http://www.ptsplumbing.co.uk)

**Q Instrument Services Limited**  
**STAND 13**

Boiler gas installers and service engineers as well as facilities managers can learn about the company's range of portable boiler gas monitors from German manufacturer, MRU GmbH. Q Instrument Services Limited will also have a range of personal and confined space entry gas monitors from BW Technologies by Honeywell on display.

[www.qlimited.com](http://www.qlimited.com)

**QRL**  
**STAND 11**

Every brand in the QRL family is backed by the same values and principles, from the hi-lo Barlo and Warmastyle radiators right through to the Design by QRL range and Merriott commercial heating and cooling solutions.

[www.quinn-radiators.com](http://www.quinn-radiators.com)

# A-Z EXHIBITORS LIST

**Reliance Worldwide Corporation (UK) Ltd**
**STAND 52**

Reliance Worldwide Corporation (UK) Ltd® will be showcasing its full end-to-end water system solutions from across the Reliance Water Controls range including Radiance® Thermal Interface Units, Caremix® Thermostatic Taps, Aquasystem® expansion vessels as well as a selection of flow, temperature and pressure control innovations including Tenant® Valves, Ausimix® TMVs and Predator® PRVs.

[www.rwc.co.uk](http://www.rwc.co.uk)

for Professionals

**REMS (UK) Ltd**
**STAND 53**

M&E contractors and those in the maintenance sector can see first-hand demonstrations of the innovative REMS range. This includes press fit tools; pressure testing and filling machines; freezing machines; pipe threading and bending machines; and pipe inspection and unblocking tools.

[www.rems.de](http://www.rems.de)

**Sanbra Fyffe**
**STAND 46**

This is your chance to take a closer look at the impressive, newly launched Instantor press system range and learn about the benefits of Tucson motorised valves – all available from Sanbra Fyffe, a committed supplier of superior plumbing and heating products and a specialist in the stamping, casting and machining of brass and copper alloy components.

[www.sanbra.ie](http://www.sanbra.ie)

**Saturn Heating**
**STAND 1**

Learn more about Saturn's stainless steel oil boiler solution and find out how to join the growing Saturn network of installers and merchants across Ireland.

[www.saturnheating.net](http://www.saturnheating.net)

Professional Solutions

**Solvall Ltd**
**STAND 12**

Specialists in the highest quality, cost-effective range of repair and maintenance solutions aimed at industry professionals including those in the plumbing sector.

[www.solvall.co.uk](http://www.solvall.co.uk)

**South Coast Sales**
**STAND 31**

Visitors from hardware stores, plumbers' merchants and DIY/builder providers should stop by the South Coast Sales stand to see the company's extensive range of fittings that includes Philmac water fittings and South Brass compression fittings.

[www.southcoastsales.com](http://www.southcoastsales.com)

**Spares Direct Solutions**
**STAND 2**

Benefit from 30 years of hands-on experience in the supply of spare parts for all major boiler manufacturers backed by a great service and fast delivery.

[www.sparesdirectsolutions.com](http://www.sparesdirectsolutions.com)

ENGINEERED TO EXCEL

**Stuart Turner Pumps**
**STAND 21**

This leading manufacturer will be talking to installers about the company's core ranges - Monsoon, Showermate and Techflo branded water boosting shower and whole house pumps. Also on show will be the company's Flomate branded mains boost pump, for low incoming mains water supply, and the Wasteflo range of easy-to-install macerators.

[www.stuart-turner.co.uk](http://www.stuart-turner.co.uk)

## The Watershop

CARL STUART GROUP

**The Watershop**
**STAND 19**

Suppliers of domestic and commercial water filtration systems, water analysis and testing equipment.

[www.watershop.ie](http://www.watershop.ie)

HEATING SYSTEMS LTD

**Unitherm Heating Systems Ltd**
**STAND 35**

A heating systems design and supply company based in Dublin and Galway that is

recognised as one of the leading companies in Ireland for providing totally integrated heating system solutions.

[www.uni-therm.ie](http://www.uni-therm.ie)

**Vaillant Group**
**STAND 27**

Award-winning domestic and commercial boilers, air-to-water and ground-source heat pumps plus a full range of intelligent heating controls and passive flue gas heat recovery devices. Visit the Vaillant stand for a chance to win a new Vaillant ecoTEC boiler and learn more about the Glow-worm range and masterTEC, Vaillant's new interactive app.

[www.vaillant-group.com](http://www.vaillant-group.com)

**Vokera Ltd**
**STAND 45**

Market-leading company, offering a wide range of renewable and low carbon solutions for domestic and light commercial properties, including boilers, water heaters and cylinders, solar thermal and heat pumps.

[www.vokera.ie](http://www.vokera.ie)

**Warmflow Engineering**
**STAND 34**

As well as a respected range of boilers, the Warmflow range includes renewables products such as ground source heat pumps and wood pellet boilers.

[www.warmflow.co.uk](http://www.warmflow.co.uk)

**Worcester Bosch Group**
**STAND 58**

One of the most recognisable names in the industry, on display will a range of solutions to meet all your heating needs, including gas, oil, light commercial, water heaters and HIU. You can also take a closer look at the award-winning Greenstar range - winner of the Which? Best Buy six years running.

[www.worcester-bosch.co.uk](http://www.worcester-bosch.co.uk)

Let's Solve Water

**Xylem Water Solutions**
**STAND 16**

Providing water and wastewater treatment solutions, this company is also a leading provider of intelligent industrial pumps and related technologies.

[www.xylemwatersolutions.com](http://www.xylemwatersolutions.com)
